

## FULL TIME (M/W/X) PROJECT QUALITY ENGINEER

In order to drive the development of our innovative software solutions in the field of medical technology, we are looking for a motivated Project Quality Engineer with professional experience to support projects.

 4320 Perg /  
4053 Ansfelden

 ab 3.077 - 5.500€  
(bei 38,5h)

 40-60%  
Homeoffice

### Your Skills

- You have an affinity for software. You don't have to be a developer, but some software knowledge is an advantage.
- You enjoy approaching people, have a talent for organization and work conscientiously.
- You already have some experience in risk management, verification and creating technical documentation.
- You have a degree from an HTL/FH/University with a technical focus or a sound technical education.
- You have very good German and English skills.

### Your Tasks

- Supporting the project manager with project-related topics such as the creation of documentation
- Collaboration in requirements engineering
- Moderating and coordinating risk analyses
- Developing test strategies together with software quality engineers
- Reviewing customer feedback
- Collaboration in change management

### We Offer

- Versatile technical projects in medical technology - with your work you help a lot of people every day
- Flexible working hours (home office option) and independent working in a young team
- A pleasant working atmosphere
- Possibility for personal development and training
- Exciting employee events
- Good coffee, chess and table football
- Free on-site parking
- Close to the train station
- Office space near Linz
- Meal allowance

### Salary

The annual salary is **43.078 - 77.000€ gross on a full-time basis** according to the IT collective agreement. Willingness to pay more based upon qualifications and experience.

### About CADS

CADS GmbH, based in Perg, in collaboration with the KLS Martin Group, is the world's leading medical device manufacturer for surgical innovation with its visionary software solutions for professional use.

Digital Health is our Passion. This passion has been the basis of our success for 15 years and makes us a very special employer. We create groundbreaking software solutions that benefit patients and physicians worldwide.

We are constantly working on new developments and industry solutions and see the ideas, skills and potential of our employees as a central component.

You would like to join us on this path and contribute to helping people with your work? Then we would be happy to get to know you and welcome you to our team.

Would you like to become part of our team?  
Then send us your application to:
